SHADOW SYSTEMS

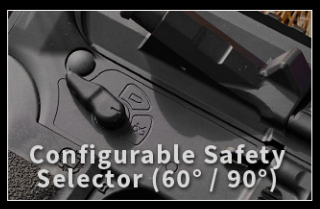
# U526 16”
# E526 11.5”

**PREMIUM ENGINEERED 5.56 RIFLE & PISTOL PLATFORMS**

## PURPOSE-BUILT. SYSTEM-DRIVEN. DUTY-READY.
## 5.56 RIFLE & PISTOL PLATFORM

The Shadow Systems 5.56mm rifle and pistol are the new standard for quality and performance in a lightweight, military-grade carbine. Offered as a 16” rifle (U526) and an 11.5” pistol (E526), the platform prioritizes shootability, accuracy, and ruggedness without the unnecessary weight.

At its core is a hybrid-profile, chrome-lined barrel paired with a tuned gas system and a rigid handguard interface for stability under load. Proprietary components throughout the rifle, including the furniture, rail, trigger, and controls, ensure cohesive, predictable performance from the first shot to the last.



**A duty-grade 5.56mm platform engineered as a complete system. No gimmicks. No excuses. Built to run.**

### U526/E526 KEY FEATURES
